Project name: Internet Foundation in Sweden

Short summary:

Internetfoundation is a fund endowed in 2004 by the Foundation for Internet Infrastructure in favor of projects aimed at positive development of the Internet in Sweden. The Fund is rooted in the foundation's charter that clearly states that the Foundation is to "promote research, training and education in data and telecommunication". Anyone has the right to apply for money from the fund that has two calls a year. Since its inception, the Fund has financed 280 individual projects with a total of 56 million. where school competition web star and campaign Digidel historically have been among the major beneficiaries [
